

2026 Greenland Field Season shipping info

2026 shipping deadlines:

Cargo needed at GRIP before June 19 should be in Kangerlussuaq no later than May 11th.

Cargo needed at GRIP after June 19, should be in Kangerlussuaq no later than June 15th.

Cargo needed after June 19, is also possible to ship in the UCPH container from Copenhagen (see cargo pooling) and should be in CPH no later than May 8th.

Shipping instructions:

University of Copenhagen

Niels Bohr Institute, PICE

Jagtvej 128, Goods receipt (open 8-14)

2200 Copenhagen N

Denmark

Cargo pooling:

The University of Copenhagen uses Blue Water Shipping (BWS) as our shipping company.

Partner institutions can, as usual, send their cargo to CPH using BWS or their preferred shipping company.

From CPH the UCPH/BWS will collect the cargo into bulks and ship it to/from Greenland. Larger bulks =>

cheaper freight. After the end of field season, the CPH logistical team will reimburse the partner institutions for the freight.

Partners are also welcome to send their cargo directly to Greenland (see the above shipping deadlines):

EGRIP / NBI 2026

Attn: University of Copenhagen

KISS 208

3910 Kangerlussuaq

Greenland

Remember to inform the UCPH logistical team by e-mail: cic_logistics@nbi.ku.dk

What to do next:

- Download the [shipping form](#), fill out + send to: cic_logistics@nbi.ku.dk
- Line 34 is filled out as an example.
- Remember value, HS code, inform about Hazmat/DGR + send MSDS with section 14 shipping info.

Participants from the University of Copenhagen will receive more info about deadlines and cargo when we get closer to the shipping dates.

Do not hesitate to contact us for further information by e-mail:

cic_logistics@nbi.ku.dk

The very best,

Marie & Iben UCPH Logistical team
